At Clarendon Primary, it is important to us that all children feel happy and safe in school & at home. As part of our staff induction process, staff read the following policies and documents before working with children, then annually afterwards:

Safeguarding and Child Protection Policy

Keeping Children Safe in Education Part 1

Whistleblowing Policy

Online Safety (Acceptable use) Policy

All staff have completed Basic Safeguarding Training. Members of the Safeguarding Team have completed Level 3 training. Staff receive Prevent (WRAP), Channel and FGM training as part of a training cycle. Senior Leaders also have Safer Recruitment training.

We work with agencies such as NSPCC and Fortalice on an annual basis in order to educate the children regarding their rights to be safeguarded.
