

CLARENDON PRIMARY SCHOOL

Together we shine

As part of our exciting curriculum at Clarendon we prioritise learning opportunities both inside and outside of the classroom to further enhance your child's learning. We value extra-curricular activities, life skills lessons as well as educational visits.

Each year, as your child grows up through school, they will be invited to participate in a school experience. This means that by the time your child is 11 years old they will have experienced 11 activities we think are important milestones in their childhood, '11 things to do before you are 11'.

Some of these activities include:

Year Group	'11 things to do before you are 11'
Nursery	Picnic in the Park
Reception	Visit to the Farm
Year 1	Visit to the Zoo
Year 2	Visit to the Seaside
Year 3	Build a Den
Year 4	Theatre Experience
Year 5	Adventurous Activity Day
Year 6	Visit to London and Parliament

Each year the children will experience the above and in addition to these they will experience class visits and external speakers who will focus on themes from subject areas being covered in class.
