This is Clarendon Primary School's Publication Scheme Information available under the Freedom of Information Act 2000

The governing body is responsible for maintenance of this scheme.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives

Clarendon Primary School is a caring community where everyone can realise their full potential. The school aims to:

- Ensure that Clarendon is an improving, effective school;
- Provide for the development of the whole child including excellent qualities of mind, body, spirit, feeling and imagination;
- Provide a broad, balanced curriculum;
- Foster a joy in learning for life and a joy in life.
- Have a secure, safe, happy environment which caters for the needs and aspirations of all members of the school community;
- Have high expectation for all members of the school community;
- Have a thriving partnership between the school, the home and the community;
- Foster individual self-esteem, together with respect for others;
- Provide equal opportunity for all, regardless of intellect, creed, race or sex;
- Ensure that the ethos of the school is based on mutual trust and respect and this publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.
